CALL BOND COMMITTEE MEET

Township and District Committeemen Will Discuss Liberty Loan Drive Tomorrow at Luncheon

A meeting has been called tomorrow at noon of the various township chairmen for the third Liberty Loan campaign, by County Chairman W. C. Pierce, together with the members of the executive committee. The meeting will be held at the Hotel Bainum when luncheon will be served at 12:45 o'clock.

The meeting is called to plan for the drive that will start on April 6 and to perfect the county organization for an efficient campaign that will result in putting Nodaway county over the top with its full quota of Liberty bonds subscribed for.

Every committeeman who is in charge of a district has been notified to attend the meeting, when important announcements will be made in connection with the campaign and what will be expected of this county.

53 NEW MEMBERS

COMMERCIAL CLUB OVER THE TOP IN MEMBERSHIP DRIVE

ESTABLISH NEW RECORD

Eight Two-Men Teams Spent Thirty Hours In Campaign—Club Now Has 133 Active Members

Fifty-three new members in a quick action campaign lasting a day and a half is the record established by the Commercial Club in the effort to enlist the aid of every citizen and business man in helping to make Maryville a better place to live in and do business in.

When the campaign was planned and a goal of fifty new members set to be secured in a day and a half, thirty hours of solicitation, but few of the directors believed it could be accomplished. The soliciting teams, however, were optimistic and started Monday afternoon on the drive. At eight o'clock last night fifty-one new ones were reported and two others were brought in this morning.

The high teams were: C. C. Hellmers and H. C. Todd, with twenty new members secured.

H. L. Raines and M. T. Nielsen were second with fifteen.

J. F. Hull and C. F. Remus were third with ten.

Roy J. Curfman and Niel Somerville were fourth with three.

A. S. Robey and F. S. King were fifth with two.

G. B. Roseberry and Dr. Chas. T. Bell were sixth with one.

A number of prospects who were listed were not seen, some being absent from the city, so if there are any who have been neglected, the soliciting committees ask that if they desire to enroll as workers for Maryville, call on the club secretary.

The Commercial Club membership is now composed of the following:

Alderman-Yehle Dry Goods Co., Drs. Anthony, Wallis & Bell, E. H. Bainum, Becker Cleaning Co., Barmann Auto Co., Basford Cigar Co., Bee Hive Shoe

EMBLEMS TO SCOUTS

WAR SERVICE MEDALS GIVEN AT IMPRESSIVE CEREMONY

SOME PRACTICAL TALKS

Addresses Were Made by Rev. G. S. Cox, S. G. Gillam, J. M. McDonald and Fred P. Robinson

In an impressive ceremony at the First M. E. church last night seven members of Troop I, Maryville Boy Scouts, were decorated with war service emblems awarded by the United States government in token of service in the second Liberty Bond campaign last October. The Scouts receiving emblems were Francis Burris, Floyd Cook, Truman Landon, Jack Jones, Townsend Godsey, Gerald Keef and Orne Masters.

Rev. Gilbert S. Cox, in a brief talk, expressed his pleasure at being able to take part in the ceremony and told the Scouts they had served in a religious cause as well as having served the government in time of need. He pointed out that the church's scope of work and influence had been broadened by the war and that the cause of the government was also the cause of the church.

J. M. McDonald, superintendent of schools, said the work of the Boy Scouts organization correlated with that of the schools, doing a work that was of vital importance at this time in giving direction to the efforts of the boys who would be of service to their country, and to training them for future valuable citizens. Supt. McDonald pointed out that the need of the local organization for more scoutmasters, as with some forty boys now members there were not enough older men to help give efficiency to the practical program that is expected to be carried out.

S. G. Gillam in an inspiring talk complimented the Scouts on their work and pointed out the need for further service. He urged parents to second the efforts of their boys along the line of patriotic endeavor and to join in the support of the Scout movement that has shown such splendid results.

F. P. Robinson, in behalf of the federal government, took occasion to pay the Scouts a high compliment, both for their work in the Liberty Loan campaign and for their interest in all civic matters, and pointed out to them in a practical manner the value of high ideals and a regard for the things that go to make valuable citizens.

About thirty members of the troop attended the service, coming in a body in full uniform, and made a pleasing appearance. They were heartily applauded as they marched in bearing flags and led by their drum and bugle corps.

Singing of "Pack Up Your Troubles in Your Old Kit Bag" and "Keep the Home Fires Burning," together with a number by a male chorus were features of the program.

LA FOLLETTE'S MAN BEHIND

Milwaukee, March 20.—Lenroot, the loyalist candidate in the senatorial primary is leading Thompson, the La Follette candidate, by 2,000 votes, according to the latest returns this afternoon. Berger, the socialist candidate, carried Milwaukee county by a vote almost equal to that of both Lenroot and Thompson.

Joseph E. Davies' nomination over Charles McCarthy by the Democrats by an overwhelming majority, probably five to one, was assured early. Both are enthusiastic supporters of the president's conduct of the war and the Republican loyalists took comfort from the fact that the Democratic votes should also count in the judgment of Wisconsin.

WARNS OF GERMAN MENACE

C. W. Yehle of the Alderman-Yehle dry goods company returned this morning from a business trip to St. Louis. While in that city Mr. Yehle attended a luncheon given by the Advertising Club of St. Louis at the Hotel Statler and heard the talk of Anthony Czarnecki, a member of the editorial staff of the Chicago Daily News, who spent six months in Poland before this country entered the war. Mr. Yehle said that it was the best talk that he has heard yet.

Czarnecki told of his experiences in Poland and warned his hearers that the parceling out of the United States among the Central Powers and the plundering of this country's natural resources will be the penalty if the United States fails to prosecute the war to a successful end against autocracy. He said that harsh punishment should be meted out to those who insinuate that this government is going to be beaten by the world's greatest monster, Germany.

COTTON GOODS SOAR

PRICES AT WHOLESALE ADVANCE ALMOST DAILY

5 MILLION YARD ORDER

Uncle Sam Gets Into the Market—High Prices, Buyer Says, Does Not Slacken the Demand

Remember when you could buy all the calico print you wanted for six cents a yard and a good quality of muslin for ten and twelve cents?

No such prices prevail today in the wholesale markets and prints and cotton and domestic goods are doing aerial stunts that keep both dealer and consumer guessing at what they will do next. Local merchants who have recently visited the eastern markets frankly say they cannot understand where the high priced goods that are being bought go to. Prices of cotton goods advance almost over night. A local dealer in an order for calico made at market quotation of 14½ cents found it on his invoice when the goods were received, 18½, having advanced four cents within a few days.

With the government having placed an order for five million yards of bleached sheetings the consumers' market is expected to go to almost prohibitive prices.

The current issue of the Dry Goods Reporter says: "With prices of cottons and domestics still soaring it is small wonder that mutterings are heard around the market, showing clearly that many men believe the time has come for the government to step in and regulate cotton, as it has done in certain instances in foodstuffs and wool. Prices are so much out of all reason now that anything may be expected. Large operators are buying into the future in a manner that denotes confidence in the strength of the market and belief that prices will go considerably higher."

The reason is plain. All foreign markets are closed; no manufacturing in these lines is going on outside the United States, and American mills cannot secure the labor to produce the goods. This, together with the scarcity of dyestuffs and government orders for all kinds of war supplies are putting prices up by jumps almost daily.

Maybe you have gone to your local dealer to make purchases and on learning the price have wondered if you were not being made the victim of profiteering. As an indication of what local dealers must pay on the Chicago and eastern markets we quote a few prices as given in the Dry Goods Reporter: Indian Head unbleached sheetings 25 cents; white sheetings not to be had; Daisy bleached sheetings 19 cents; Hope muslin 23½ cents; American prints 18½ cents; 12-ounce snow white cotton batts 30 cents; dress ginghams 25 cents; wool blankets are not to be had at any price; all prices are given subject to change without notice.

Merchants are now operating on the highest cotton prices since 1878 when cotton was priced a trifle over $1.23 cents a pound. The lowest price noted was in 1899 when it was as low as 7 13-16 cents. The market today is firm around 32 cents. From the figures given it is easy to imagine the strenuous times cotton goods merchants went through in the years shortly following the Civil War.

FIRE TRUCK IN A COLLISION

In a collision this morning at the corner of Main and First streets between the fire truck and a Ford car driven by P. H. Barrett of Lenox, Ia., the latter car was thrown against the white way standard at the First M. E. church corner and badly damaged.

The fire truck, driven by Driver Stultz, was coming north on Main, the Iowa car going rapidly west on First street. At the corner Driver Stultz, seeing the other car approaching without attempting to slow up, turned into West First in an effort to avoid a collision, but struck the Iowa car, throwing it against the curb. The occupants, P. H. Barrett, John Nagle, Frank Heath and G. F. Cheese, all of Lenox, Ia., were shaken up but not injured.

Driver Stultz had the fire truck out this morning in an endeavor to locate some engine trouble. The only damage suffered by the fire machine was a bent fender and some paint scraped off.

JAP FORCES SENT TO SIBERIA

Tokio, Mar. 20.—Armed Japanese forces composed of volunteers have been sent into the Siberian province of Amur to protect lives of Japanese residents from the Bolsheviki rioters, officials stated today. Bolsheviki outrages in northeastern Siberia have increased it is reported, especially since the Russian congress of the Soviets has ratified the separate peace treaty with the Central Empires.

BAKER GETS THE THRILLS

With the American Army in France, Mar. 20.—Secretary of War Baker's visit to the American trenches has been full of thrilling experiences. On his return to the rear, after seeing the first line activities, a large German shell burst within thirty-five yards of his machine and while in the trenches the Germans were throwing shells across No Man's Land, so that the Secretary got all the thrill of warfare at first hand. His first day in Paris was signalled by the bombing of the city by German airmen and he was forced to take refuge in a cellar.

ARREST ON LARCENY CHARGE

Henry Hawk, who lives near Burlington Junction was arrested by Sheriff Dowden, charged with the theft of a set of harness from the C. D. and E. F. Caldwell farm and today waived a preliminary trial before Justice W. L. Johnson. Bond was set at $1,000 and being unable to furnish the amount, was remanded to jail to await trial at the April term of court.

Percy Wilson, of color, charged with shooting craps, was tried before Justice Johnson this afternoon and fined $25 and costs.

BUSCH'S DAUGHTER IN CASE

New York, March 20.—The name of Mrs. Edna Reisinger, daughter of the late Adolphus Busch of St. Louis and widow of Hugh Reisinger of New York and Berlin, was today brought into the case which resulted in the arrest of two men and two women, alleged to be spies of the German government and for whom presidential warrants have been issued for their deportation to Europe. A photograph showing Mrs. Reisinger in a friendly pose with Count De Clairmont, one of the four alleged spies, was the cause of her name being introduced. Mrs. Reisinger seemed perturbed when informed of the photo.

Government Will Make Changes In Railroads and Post Offices — Citizens Follow

Under the daylight-saving bill which has been passed by congress the clocks of the national railroads and in government departments will be pushed ahead an hour March 31 and will be pushed back again October 27.

The American public generally is expected to follow the example set by the government clocks and get more daylight. The results expected are increased production by reason of more work in gardens, clearing away of transportation congestion by the addition of an extra hour of day at docks, freight terminals and better hours for everybody because of the extra hour outdoors.

Railroad schedules will not be affected except at the hour when the change is made. Trains on that schedule at that time will have to take allowance of the change and run on time. Trains behind the schedule by the clock after the change is affected schedules will not be disturbed. Trains will move on schedule by the clock as usual.

Those who work on Saturday will, according to Representative Borland, author of the bill, will have an hour's shorter work a day as the clock will then jump from 2 to 3 o'clock Sunday morning. Sunday morning newspapers will have to take cognizance of this to make their regular press schedules, but there will be no difficulty except for those which ordinarily go to press at some time between 2 and 3 o'clock.

There will be no changes or adjustments to make except for watches and there will be a minimum of inconvenience.

The time for making the change was fixed at 2 a. m., Sunday morning because there are fewer railroad trains on the road and fewer industries going at that hour than any other during the week.

The change back on the last Sunday in October when the nation's clocks keep sun time again will be just the reverse.

For all railroad trains scheduled for departure between 2 and 3 o'clock Sunday morning when the change is made the railroads can either start them late as many minutes behind as they were scheduled to start before 3 o'clock or change the schedule for the single run. No other departure or arrivals will be affected.

The value of baking powder is based on its *leavening strength*. You can't judge it by the size of the can—or by the *amount* you get for your money. You must estimate it by the amount of baking powder *used* in each baking and the *results* you get.

CALUMET

is the greatest value ever offered in Baking Powder—it has greater raising *"force"*—it *goes* further than most of the other brands. You use only a rounded or heaping teaspoonful where others call for two teaspoonfuls or more.

But Baking Powder is not all you'll save when using Calumet. You save baking *materials*. Calumet *never* fails. The last *level* teaspoonful is as powerful as the *first*. Calumet is perfectly manufactured—*keeps* perfectly—and is moderate in price.

You save when you buy it—You save when you use it

One trial will satisfy you of these facts—and demonstrate beyond doubt that "Calumet spells economy."

Your grocer sells it on a guarantee of money back if you are not pleased with results.

Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

WAS A WILSON VICTORY.

Washington, March 20.—Administration forces won an important victory when the senate judiciary committee decided to make a favorable report on the Overman bill giving President Wilson broad powers to reorganize the government. The bill will be reported in a day or so and the bitterest fight of the present session looms up as practically inevitable.

Building-up for the Spring Attack at the Front is a good deal like putting the body in condition for an invasion of the germs of grip, pneumonia or "Spring fever" here at home.

At this time of the year most people suffer from a condition often called Spring Fever. They feel tired, worn out, before the day is half thru. They may have frequent headaches and sometimes "pimply" or pale skin and white lips. The reason for this is that during the wintertime, shut up within doors, eating too much meat and too little green vegetables, one heaps fuel into the system which is not burned up and the clinkers remain to poison the system—a clogging up of the circulation—with inactive liver and kidneys. Time to put your house in order.

For an invigorating tonic which will clarify the blood, put new life in the body, sparkle to the eyes, and a wholesome skin, nothing does so well as a glyceric herb extract made from Golden Seal root, Blood and Stone root, Oregon grape root and Wild Cherry bark. This can be had in convenient, ready-to-use tablet form at all drug stores, sixty cents, and has been sold for the past fifty years as Dr. Pierce's Golden Medical Discovery. By reason of the nerves feeding on the blood, when the blood is pure the nerves feel the effect, and neuralgia or other nerve pains disappear because such pain is the cry of the starved nerves for food. When suffering from backache, frequent or scanty urine, rheumatic pains here or there, or that constant tired feeling, the simple way to overcome these disorders is merely to obtain Dr. Pierce's Anuric from your druggist. In tablets, sixty cents.

CUT SOLDIERS' BREAD RATIONS.

The Hague, March 20.—So acute has become the food shortage in Germany that even soldiers at the front are now undergoing privations. Ten ounces have been taken off the soldiers' weekly bread rations and in place of which they receive a small supply of sugar extra.

DUTCH REPLY UNSATISFACTORY.

Washington, March 20.—Holland's reply to the ultimatum served by the Allies reached the state deaprtment today. Its contents were not revealed but there is every indication that it was unsatisfactory and that the seizure of all Dutch shipping in American ports was really at hand after two days of waiting by the government.

AMERICAN MISSION TO SIBERIA.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young — to do this you must watch your liver and bowels — there's no need of having a sallow complexion — dark rings under your eyes — pimples — a bilious look in your face — dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

Get Back on the Road to Health By Keeping Your Blood Always Pure

Don't Let a Sluggish Circulation Drag You Down Hill.

Whether you earn your daily bread by the sweat of your brow, by the daily use of your muscle, or by tasks requiring less physical exertion, you need every ounce of strength that you can command.

It is of utmost importance, therefore, that you keep yourself in tip-top physical trim, and that you take every precaution to safeguard your health from the many pitfalls which disease has spread so promiscuously. Keeping thoroughly well and strong is simply a matter of resisting disease.

Why is it that your neighbor is always healthy and robust and strong, while you find yourself succumbing to even the most commenplace little ailments that tend to drag down your vitality? It is true that you are both liable to the same attacks, but why does he escape while you do not?

The answer can be found in the condition of the blood supply. If you keep your blood thoroughly purified and free from all substances that tend to impair its full strength and vigor you, too, will be able to promptly throw off all efforts of disease to attack your system, and enjoy at all times the same robust vitality that your neighbor does.

When you begin to feel a loss of appetite, and a feeling of lassitude and weakness begins to pervade the system, this is nature's warning that your blood is in need of a thorough cleansing to sweep out of your system all impurities that are accumulating to clog up the circulation and make it sluggish.

S. S. S., the great vegetable blood remedy, is without question the greatest blood purifier and system-builder that you can take, and a few bottles of this fine old medicine will prove just what you need to give new vigor and strength to your system and put you back on the road to a vigorous vitality. S. S. S. has been sold by drug stores for nearly fifty years, and it is recognized everywhere as being in a class to itself for thoroughly cleansing the system of all impurities. Go to your drug store and get a bottle today, and you will soon find yourself enjoying the new strength that comes with an abundant supply of pure, rich blood. Send for free booklet that tells you all about the important functions of the blood, together with any free medical advice that you may need. Dairy Cattle

Thirteen beautiful, High Grade Jersey Heifers, all two-year-olds and most of them have freshened within the last 30 days, giving a nice lot of milk, and nicely broken.

They are daughters of the bunch of dairy cows we sold in our sale a year ago last fall, that averaged higher than any lot of grade cows ever sold in the county up to that time. A look at these heifers will convince you that they are the real thing in dairy cattle. Also will sell one 2-year-old Jersey bull, eligible to record and a good one, and quiet and well broke.

HORSES—A pair of 3-year-old draft fillies, dark blue roans, well matched, sired by two of Roelofson's best stallions, and out of the pair of roan mares that have been on the Phares Lumber Company wagon the past year. They are halter broke and gentle, but have not been hitched.

A pair of good coming 2-year-old black colts. One bay filly coming a yearling, sired by Converse horse, and dam is a daughter of Pheonix. One six-year-old white mare, a dandy saddle animal, and tough as iron.

POLAND-CHINA BOARS—A few good boar pigs of last fall farrow.

SEED CORN—About 50 bushels of Jamison's Early Yellow, our own raising, and a corn that will grow and matures every year, regardless of season.

BALED STRAW—About six tons of good bright oat straw, baled early last fall and stored under roof.

TERMS—Cash or bankable note.
